Starships D20 / Corellian Corvette (CR-90)

Corellian Corvette (CR-90)

The Corellian Corvette was a common multipurpose vessel. It was a modular design and could be configured for cargo transport, passenger liner service, or even military duty. The Corellian Corvette was so common among legitimate shipping, passenger, and government interests that many pirates and smugglers had taken to using it for their own purposes.

The CR-90 was the most commonly found corvette in service. It was the least costly of the entire series, being sold in bulk to the Empire, planetary defense militias, legitimate businesses and even the Rebel Alliance.

It had only two double turbolaser cannons, sacrificing the additional weaponry that most of the other models boasted. Slightly less powerful shield generators also made the CR-90 a bit more affordable.

While the Alliance used the CR-90 as a combat warship, the Empire usually kept their CR-90s in service as convoy vessels and patrol ships.

d20 Stats:

Craft: Corellian Engineering Corporation CR-90 Corvette
Class: Capital
Cost: 3.2 million (new), 1.3 million (used)
Size: Large (154 meters long)
Crew: 30 to 165 (Normal +2)
Passengers: Up to 600
Cargo Capacity: 3,000 metric tons, 1,200 cubic meters
Consumables: 1 year
Hyperdrive: x2
Maximum Speed: Attack
Defense: 19 (-1 size, +10 armor)
