Special Abilities:

Shifting: The Stennes Shifter uses its shifting ability to conceal itself in large crowds. This counts as an action. In crowds of 20-50 individuals, a Stennes Shifter gains +1D to sneak rolls. In crowds of 51-75 individuals, a Shifter gains +2D. In crowds of 76-100, the bonus increases to +3D. In crowds over 100 individuals, a Shifter gains +4D. This shifting affects everybody, except telepathic-resistant beings like Hutts.

Feed on Force: Stennes Shifters can feed on Force Points or Character Points spent in their presence, on a successful Perception test against the targets Control or Willpower, the Stennes

Shifter can absorb a Force or Character Point spent in their presence. This means the character spending the point loses it as usual, but gains none of the advantages from spending it, and the Stennes Shifter adds it to their total.
