Description: Yerka Mig was a Human male from the planet Ralltiir who became an Imperial officer, pilot, and bureaucrat. When the Galactic Empire subjugated his homeworld in 1 BBY, Mig resigned and fled in remorse, becoming a fugitive from both Imperial Intelligence and the Imperial Security Bureau and living as an outlaw on Tatooine, where he frequented the planet's Chalmun's Spaceport Cantina in 0 BBY.

Biography
The Human male Yerka Mig hailed from the planet Ralltiir. He joined the Galactic Empire, becoming a pilot and an Imperial officer. Also a bureaucrat with high security clearance, Mig was still serving the Empire when his homeworld was subjugated in 1 BBY. Mig resigned in protest and fled in remorse after Ralltiir's subjugation. With his high security clearance making him a fugitive from both Imperial Intelligence and the Imperial Security Bureau, Mig was forced to live as an outlaw on Tatooine.

While on Tatooine, Mig was known to frequent Chalmun's Spaceport Cantina in the planet's city of Mos Eisley. In 0 BBY, Mig was in the cantina when a former moisture farmer named Luke Skywalker and a Jedi Master named Obi-Wan Kenobi entered, searching for a pilot to take them and the droids C-3PO and R2-D2 to the planet Alderaan. Mig witnessed the smuggler Han Solo killing the bounty hunter Greedo before Solo left the cantina.

Personality and traits
Yerka Mig fled from the Empire in remorse after his homeworld's subjugation. While he was living as an outlaw on Tatooine and frequenting Chalmun's Spaceport Cantina, Mig could not help but resist a smirk at Solo quipping "sorry about the mess" to Wuher, the bartender. He had brown hair and fair skin.
