Description: A human male served in the Alliance to Restore the Republic as an assistant to Lieutenant Tigran Jamiro of the Alliance Military while both were stationed in Echo Base on the planet Hoth. After fellow rebel Luke Skywalker went missing in 3 ABY, Jamiro and the assistant

rushed to Skywalker's companion, Han Solo, to inform him that Skywalker had not returned to the base. After Skywalker was rescued, the Alliance was forced to evacuate Hoth when the Galactic Empire attacked Echo Base.

Biography

The fair-skinned human male member of the Alliance to Restore the Republic's military served as assistant to Lieutenant Tigran Jamiro during the Galactic Civil War against the Galactic Empire. The assistant and Jamiro were stationed in Echo Base, the Alliance's secret headquarters on the planet of Hoth, where Jamiro served as a deck officer and a senior logistics officer.

In 3 ABY, the rebel Luke Skywalker failed to return to Echo Base after going to investigate what he believed to be a meteor nearby. Following this incident, Jamiro and his assistant rushed into a chamber where tauntauns were kept near the north entrance to the base so that Jamiro could inform Skywalker's companion, Han Solo, that Skywalker had not returned. Against Jamiro's advice, Solo headed out and searched for Skywalker on a tauntaun. Solo did not return that night, but he and Skywalker were rescued the following morning. The Alliance was then attacked on Hoth by the Empire and forced to evacuate.

Equipment

The assistant wore rebel snow gear including a brown sleeveless jacket with a white uniform and a white insulated watch cap with a brown face wrap.
