Description: Narthax was a Human male clone from the planet Ukio. He served the Galactic Empire as a clone stormtrooper during the Galactic Civil War, a conflict between the Empire and the Alliance to Restore the Republic. In 3 ABY, the Empire discovered Echo Base, the Alliance's hidden headquarters located on the planet Hoth, leading to a ground invasion of the facility.

Narthax was involved in the assault as part of the Imperial Blizzard Force. As a snowtrooper sergeant, he commanded a squad during the battle, where the Empire was victorious and forced the Alliance to evacuate the planet. Narthax trained snowtroopers in extreme-weather survival tactics, and wore full snowtrooper armor with an E-11 blaster rifle in hand.
