Equipment D6 / WET-02 Vapor Tank

Model: WET-02 Vapor Tank
Type: Moisture Generation Tank
Availability: 1
Cost: 500
Game Notes: When installed on a starship or vehicle it provides the moist atmosphere required by Mon Calamari to operate at maximum efficiency.

Description: WET-02 vapor tanks were devices used by Mon Calamari to keep their skin moist in open air environments. The tanks were installed in all Mon Calamari starships. Some of the tanks could be found on the bridge of Home One.
