- Internal Data Store
- Vocoder Capable of Human Speech
- Small Internal Storage Area (1kg)
- Video display screen
- Holographic projector/recorder
- Drinks Dispenser

Move: 5
Size: 1 metres

Description: Refreshment droids were short, cylindrical-bodied, wheeled models resembling many astromech droid models. There purpose, however, was more mundane. They served refreshments at public events such as garbage pit races. R2-D2 served a similar function while aboard Jabba the Hutt's luxury sail barge, the Khetanna.
