Description: Bron Burs was a male member of a species with horny spines on the back of its face and two pointed protrusions surrounding a mouth. Hailing from the southern part of the planet

Nentan, he served as a commando for the Alliance to Restore the Republic during the Galactic Civil War against the Galactic Empire before eventually leaving the profession. Burs was a crack shot who liked to be on his own and an on-and-off partner of Debnoli, an expert marksman.

At some point, Burs visited the palace of Jabba the Hutt, a crime lord on the planet Tatooine. By the time Bron Burs left the commando profession, he was covered with ugly scars. He relied on his intuition to survive. Burs also possessed a degree of Force-attunement. He had white eyes and green skin.
