Description: Loje Nella was a shadowy Riorian female who was a member of the Hutt crime lord Jabba Desilijic Tiure's court. In 4 ABY, she was present in the throne room booths of Jabba's Palace on the planet Tatooine during a performance by the Max Rebo Band, which ended in the death of the enslaved dancer Oola.

Nella later took part in a trap laid for Princess Leia Organa, who freed Jabba's prisoner Han Solo from carbonite while she thought the Hutt was sleeping. Jabba, who had been warned of Organa's disguise as the bounty hunter Boushh, had hidden behind a curtain with Nella and other favored members of his court. Once Solo was free, the Hutt revealed himself and had Solo and Organa captured while the Riorian laughed alongside other court members.

Biography

Loje Nella was a Riorian female from the planet Rior. She served as a member of the Hutt crime lord Jabba Desilijic Tiure's court and spent time in his palace on the desert planet Tatooine. In 4 ABY, Nella sat behind a pillar in between two of the booths of Jabba's throne room during a performance by the Max Rebo Band. After the group finished one song, they began to play the song "Jedi Rocks," but their second performance was interrupted when the enslaved dancer Oola was dropped into the pit below the throne room after she refused the Jabba's advances.

After Oola was devoured by Jabba's pet rancor, Pateesa, Princess Leia Organa, disguised as the bounty hunter Boushh, arrived dramatically in the throne room with the Wookiee Chewbacca as her prisoner. After Organa threatened the court with a thermal detonator, Jabba agreed to pay her an increased bounty for Chewbacca, who was then taken away. Organa and Chewbacca's real purpose in the palace was rescuing their ally Han Solo, who Jabba kept frozen in carbonite and displayed on one of the throne room walls. Later that night, Organa snuck back into the throne room while she believed everyone was sleeping and freed Solo; however, Jabba had been warned by the bounty hunter Boba Fett that Boushh was not who they seemed and set a trap.

Hidden behind curtains, the Hutt and his court had lain in wait for the princess for an hour, with Nella hidden in a cramped alcove alongside Jabba as one of his favorite cronies. Once Solo was thawed and Organa had unmasked herself, Jabba revealed himself to the pair and as the curtains were drawn back while Nella rocked back and forth with laugher alongside the musicians Max Rebo and Droopy McCool. Solo and Organa were then taken captive, after which the court celebrated late into the night. However, the next day Jabba and many of his allies perished after the Jedi Luke Skywalker arrived and helped to free Solo, Organa, and Chewbacca.

Personality and traits

Loje Nella was a shadowy individual and laughed heartily at the capture of Organa and Solo. She had brown eyes and brown skin.
