Description: A humanoid male Inquisitor served the Galactic Empire as a Jedi hunter during the Great Jedi Purge. A former member of the Jedi Order, the Inquisitor was a member of the Imperial Inquisitorius. At some point during or after 19 BBY, he visited a farming village after a villager tipped off the Empire to the presence of a Jedi there: former Padawan Ahsoka Tano. She was away from the village when the Inquisitor arrived, causing him to destroy the settlement and kill everyone there except for the villager who had informed and an old man. When Tano returned from delivering harvested crops with the villager's sister, the Inquisitor recognized her, but she saved the informant's life from the Inquisitor and killed him with his own double-bladed spinning lightsaber.

Biography
A humanoid male Force-sensitive, who was once a member of the Jedi Order, served the Galactic Empire's Inquisitorius as an Inquisitor, hunting the Jedi. At some point during or after 18 BBY, the Inquisitor was tipped off by a villager about the former Togruta Jedi Ahsoka Tano's presence in a village, and arrived in the settlement to investigate. Upon not finding his target there, he slaughtered the entire village but the villager who had informed him of Tano's presence and an old man.

When Tano returned to the village from a delivery, alongside the villager's sister, the informer told the Inquisitor that he had been telling the truth and should be rewarded. The Inquisitor attempted to "reward" him by killing him, but Tano used telekinesis to pull the man away from the Inquisitor, and cause his lightsaber to miss its target. Intrigued, the Inquisitor recognized Tano and gloated that he would be rewarded for her death. He attempted to kill Tano, but she dodged his blows before grabbing his lightsaber and deactivating it. She then wrenched the weapon out of his hands and decapitated him. The Inquisitor's head was flung away from his body, and deflated within his mask after landing on the ground.

Personality and traits

The Inquisitor was a male humanoid, taller than 1.76 meters. He mocked a young man before attempting to kill him. However, the Inquisitor was also arrogant and ambitious, as he was confident he could defeat an unarmed Ahsoka Tano, which he believed would earn him a "reward."

Equipment

The Inquisitor wore a skull-like mask and black cloak, which included a hood that covered his head. He was equipped with a red double-bladed spinning lightsaber as a weapon.
