Characters D6 / Lt. Geoff Anteri (NRI Officer)

Lt. Geoff Anteri

Geoff Anteri was trained by both the older Alliance SpecForces and then the New Republic Intelligence. Geoff is your average looking human, average height, average build, common features, perfect for blending into any crowd. Geoff is one of the NRI's SpecForce contacts and even participated in a failed attempt to capture a top ranking Imperial officer to interrogate before a final assault on Coruscant.

Since that failed mission on Coruscant that the three surviving team members barely escaped, Geoff has been reassigned to the Palvar Sector where he has served uneventfully on the paradise world of Teraii.
