Description: Windi was a curly-haired human woman who spent time with Cassian Andor, a man she knew as "Keef Girgo," in a hotel suite on the world Niamos in 5 BBY. After the pair ran out of Peezos and Revnog, she asked him to pick up more from Arkie's while he was on a walk, but Andor was arrested by the Galactic Empire while out and did not return to her.

Biography

Windi was a human female who spent time with the human male Cassian Andor, who was in hiding under the alias "Keef Girgo," in a large airy hotel suite on the planet Niamos in 5 BBY. After awakening in the clothing-strewn suite's bed and hearing the room's shower running, she called out for "Keef" and asked what he was doing. Andor, who was in fact checking a container of credits

and other items that he had hidden above the shower, called out to her that he was washing up and would be out shortly to go for a walk.

Windi then asked that he pick up some stuff from Arkie's, pointing out that Arkie had the new flavors when Andor replied that he had planned on walking in the other direction. She also reminded him to get more peezos and green revnog, as they had run out. Andor left but never returned from the walk, as he was arrested by the Galactic Empire and taken offworld for imprisonment on the moon Narkina 5. After Andor later escaped from prison, he returned to the suite to collect his container, but Windi was no longer staying there.

Personality and traits

Windi was a slender, dark-skinned human woman with a thick head of brown curls. She enjoyed green revnog.
