Description: Davo Sculdun was a human male oligarch and banker with a bad reputation from the planet Chandrila. Tay Kolma advised Senator Mon Mothma to meet with Sculdun if she wanted to justify the disappearance of 400,000 credits. At the Chandrilan Embassy on Coruscant, Sculdun offered Mothma a loan in exchange for a chance to introduce his son, Stekan, to the senator's daughter, Leida Mothma. Mothma said no but Sculdun was convinced that she was thinking the offer over.

Mothma eventually would agree to Sculdun's demands, and she introduced her daughter to his son.
