Description: Euwood Gor was a male human born on the planet Alderaan who served as one of the Alliance to Restore the Republic's Pathfinders before leaving the Alliance while fighting on the planet Onderon, where he abandoned much and "went native", joining the Partisans movement of the rebel leader Saw Gerrera. In the year 0 BBY, he and the rest of the Partisans were based on the moon Jedha where they captured a group including Gerrera's adoptive daughter Jyn Erso in Jedha City. Shortly after the capture, the Galactic Empire's Death Star superweapon destroyed the city, forcing the Partisan forces to evacuate their base in the nearby Catacombs of Cadera before it was destroyed by the blast.
