Description: Rodma Maddel was a human female soldier that served as a Corporal in the Alliance to Restore the Republic during the Galactic Civil War.
Maddel was an intelligence agent recruited by Cassian Andor and served as an advanced scout for urban combat units. She was walking across one of the landing pads in front of the Great Temple as rebel agents Cassian Jeron Andor and Jyn Erso boarded a UT-60D U-wing starfighter/support craft to leave for the moon Jedha. Maddel did not hesitate to join Blue Squadron's ground reinforcements during the Battle of Scarif.
