Description: Romar Adell was a human male from Serenno. Following the bombardment of the planet by the Galactic Empire, Adell and other fellow Serennians went into hiding in the world's upper forest region where he also built his domicile. He later became an ally of the Bad Batch, a group of renegade clones, who ran into trouble with the Empire on Serenno. After helping them escape a unit of stormtroopers, Adell gifted a kaleidoscope to the Batch's youngest member Omega and saw them safely off the planet.
