Description: He oversaw Riot Racing on the planet Serolonis during the early reign of the Galactic Empire. Millegi did not trust Scaleback, aware of her checkered history, and the two had a rivalry over the racers they supported. Millegi personally backed the Nosaurian racer Jet Venim.

When Scaleback arrived to witness some races, backing the droid pilot TAY-0, Millegi made a bet with her, which he eventually won when Venim caused TAY-0 to crash and emerged victorious. When he came to collect, Scaleback admitted that she did not have the agreed-upon funds, Millegi's companions, namely the Trandoshan Garnac and a Gamorrean individual, readied themselves for a conflict when Scaleback's entourage, Tech, Wrecker, and Omega, steeled themselves for a fight. Eventually, Millegi accepted a double-or-nothing bet, taking Scaleback into custody in the meantime. With TAY-0 out of commission, Tech raced in his place and emerged an unlikely victor. When Tech, Wrecker, and Omega arrived to collect the winnings, Millegi paid them as agreed upon. When Venim, who had lost out to Tech, reached for his blaster pistol, Millegi prevented him from doing so. Before the clones left, Millegi warned them not to trust Scaleback and to always watch their backs when dealing with her.
