Droids D6 / Cyborg Spider Tank

Type: Cyborg Spider Tank

Strength: 9D

Equipped with:
- Spider Body (Multiple Legs)
- Lifting Claws (+2D to Lifting, Str+1D Damage)
- An underside cage (restrains a captive (Str Grapple))
- Sedation equipment (Will keep a target within the underside cage unconscious).

Move: 12

Game Notes: This is a body used by the Cyborg Operator, his Cyborg Body connecting to it to operate it as an extension of himself.

Description: The Spider Tank was a large, manually-controlled model of droid utilized by a cyborg that resided on the planet Mandalore. Around 9 ABY, the cyborg utilized its Spider Tank to capture and sedate the Mandalorian bounty hunter Din Djarin. It was later destroyed by Bo-Katan Kryze when she arrived on Mandalore to save Djarin.
