Cover: None
Cost: 500 Credits
Availability: 1
Maneuverability: 1D
Move: 35, 150 kmh *
Body Strength: 1D

*: Speed is dependant on wind speed, so Kondoraan allows the above speed but this might vary on other planets depending on conditions.

Description: Sky skimming boards are powered by repulsors and that their sails are made from the leaves of giant broadleaf trees, and while they can hover in place forward movement is only provided through wind caught in their sail. The winds of Kondoraan allow the speeds above, but vary dependent on wind speeds and conditions.
