Description: Obratuk Glii was a male Parwan Jedi Master who lived during the High Republic Era. The Master of Padawan Farzala Tarabal, Obratuk was an experienced diplomat, and was thus sent on a mission to negotiate with the Hutts on Nal Hutta. However, Obratuk fell into a Parwan seasonal hibernation just before arriving at Bilbousa, forcing Tarabal to attempt to lead the negotiations.

Glii's Parwan physiology allowed him to make use of multiple lightsabers, which he had 5 of. Mastee Glii had created each of them in honor of the Padawans he had trained over his millennium-long lifetime.

Around 230 BBY, he was captured by Marchion Ro and held captive on the Gaze Electric. Taunted by Ro about the fall of Starlight Beacon and Ro's vision for the future, Glii eventually met his end at the hands of the Nameless onboard the ship.
