Creatures D6 / Targon (Predatory Cats)

Name: Targon
Classification: Cat
Hair color: Red, Yellow
Distinctions: Tufted tails, Four eyes
Homeworld: Targon homeworld

Dexterity: 3D
Perception: 4D
Search: 5D
Strength: 4D+2

Special Abilities

Fangs and Claws: Targon have razor sharp claws and teeth, favouring biting over clawing. Each of these allow the cat to do Str+1D damage in combat.

Tamable: Although lethal predators, when fed these animals can be fairly easily trained and will not hunt and attack unless they become hungry or feel in danger.

Sense of Smell: Targon taste the air with their split tongue, and are able to track by scent, gaining +1D to all rolls involving smell.

Move: 18
Size: 2.3 meters
Orneriness: 2D

Description: Targons were a species of giant cats that possessed thick fur, tufted ears, four eyes, and tufted tails. Despite being a predator species, they had low-level empathic abilities. Lina Soh, Chancellor of the Galactic Republic during the High Republic Era, owned two pet targons, Matari and Voru, who accompanied her wherever she went.
