Special Abilities:

Horns: Nosaurians possess six horns on the tops of their heads that they can employ as weapons. Goring an opponent with these horns inflicts the Nosaurian's Strength +1 in damage.

Internal Clock: Nosaurians attuned to the planet they are living on instinctively know when the sun is setting. They usually accompany the setting sun by braying at the top of their lungs. This is largely involuntary, and any Nosaurian wishing to resist the urge to "sing it [the sun] down" must succeed at a Very Difficult Willpower skill roll.

Story Factors:

Color Blind: Nosaurians only see in black and white. While they are not typically effected by this, they may have difficulty interpreting color-coded computer displays or vehicle controls that

they are unfamiliar with.

Phosphorescent Mouth Lining: A Nosaurian can make the lining of his mouth phosphorescent at will. Although many animals on New Plympto use similar abilities to attract prey, it grants no appreciable bonus to Nosaurian characters.

Resentful of Humans: Nosaurians blame Republic politicians (and humans in general) for financial problems suffered on their homeworld of New Plympto. These feelings were further compounded by a heavy-handed Imperial subjugation of their planet.
