Move: 200; 600kmh
Body Strength: 3D
Weapons:

Description: The class A speeder was a type of speeder. Baron Slandarv of the Galactic Empire owned one such speeder, receiving numerous fines for it. The supervisor of Assistant Data Processor Fabarian ordered him to delete the tickets, but Fabarian, secretly intending to investigate the baron for the Schism Imperial, left one undeleted so that Slandarv would summon him to his office.[1]
