Characters D6 / The Marshmallow Puff Peopl

The Marshmallow Puff People

The Marshmallow Puff People, as they are affectionately called, are small bipedal's with a marshmallow shaped body and sets of stubby legs and arms. They have wide and innocent looking eyes, and a big cheerful mouth. They were discovered by Galactic Geographic who did a film on it. One of the camera crew made the mistake of asking how the Puffs would taste in cocoa. Upon hearing this, the Marshmallow Puff People got really pissed off, puffed up to 3 meters tall, and ate the camera crew. The whole ordeal was filmed, however, and the station airing it got record ratings.

The MPP live in villages resembling something out of Candyland. It's a village with gingerbread cottages, gumdrop lanes, and licorice fences.
