Characters D6 / Tonk (Bounty Hunter)

Tonk

The alien known only as tonk is the partner og human bounty hunter Setzn Kaizo. Even Tonk does not know what race he
belongs to. Most of his past is a mystery to him. He used his size and strength to great advanatge and became a bounty
hunter. He wasn't all that successful by himself. However he teamed up with the crafty Setzn Kaizo, and between Setzn's
brain and Tonk's sheer muscle the two amde an excellent team. Tonk isn't stupid though. far form it, he's crafty and
clever, just not at the devious level Setzn's mind works at. The two of them have been working togetehr for five years
and have carved a swath across the outter rim and Palvar territories. The most famous incident is when they took part in
the Kashan Four bounty hunt. four people had bounties palced on their heads, the smallest bounty being 200,000 credits.
They colelcted on three of the bounties with a little bit of help from the boutny hunter Rssh`ale, and then took a bounty
of 400,000 credits to hunt down the Dark Jedi who had issued the bounties. It's not known if they succeeded in etting the
Dark Jedi however Tonk and Setzn walked away from Kashan with a whopping 900,000 credits in their pocket.
