Creatures D6 / Dybbuk (Tranquilising Parasyt

Name: Dybbuk
Classification: Parasite
Average length: 0.25 meters
Skin color: Yellow

Dexterity: 2D+1
Perception: 1D+2
Strength: 1D

Special Abilities

Smothering Attack: Dybbuk feed from their prey by tranquilising them, leading to their use to subdue violent criminals. They attach to the targets mouth when either place there or by making a successful attack using their Dexterity, and the target must make a Very Difficult Stamina or Willpower Roll to resist, or become lost in waves of pleasure which makes them collapse until the Dybbuk is removed.

Move: 2

Description: Dybbuk was a parasitic species used by the Galactic Republic to subdue violent criminals in the High Republic Era. The parasite would affect the user's mind by providing an extremely pleasurable experience.
