Description: Ithia Paan was a female Kel Dor Jedi during the High Republic Era. In 132 BBY, she was briefed by Jedi Knight Yord Fandar on a mission to Khofar to locate secluded Jedi Master Kelnacca.

History

Ithia Paan was a Kel Dor Jedi during the High Republic Era. In 132 BBY, Paan joined Jedi Master Sol and a group of Jedi to locate the secluded Jedi Kelnacca on the planet Khofar. Jedi Knight Yord Fandar briefed the Jedi group aboard a Polan-717 Jedi transport en route to Khofar. Upon arriving on Khofar, she waited at a camp with the other Jedi while the Padawan Jecki Lon communicated with some locals on the whereabouts of Kelnacca. After the team received word of Kelnacca entering the nearby forest, the Tynnan Bazil led the expedition while following Kelnacca's scent. At nightfall, the group arrived at Kelnacca's shelter and fanned out around its entrance.

As the Sith practitioner "the Stranger" approached the group from behind, Paan and the others turned to observe him. After the Sith ignited his lightsaber, Paan ignited her lightsaber and charged at the Stranger along with the other Jedi, only for the Sith to knock the group away with the Force. After the Jedi reengaged the Sith, the Master knocked Paan to her knees before impaling the Kel Dor through her chest. Paan groaned as she died. Later, Vernestra Rwoh and another group of Jedi arrived on Khofar to investigate. Upon finding the bodies of Paan and the other Jedi, Rwoh told Mog Adana they needed to head back to the ship and prepare the bodies for burial.
