Description: Kelnacca was a Wookiee Jedi Master of the Jedi Order who lived during the High Republic Era. In 148 BBY, he was stationed on the planet Brendok with Jedi Knight Sol, Jedi Master Indara, and her Padawan, Torbin. While investigating a vergence in the Force on the planet, the Jedi discovered a coven of witches led by Mother Aniseya. After becoming concerned that the witches were training the twins Verosha "Osha" and Mae-ho "Mae" Aniseya to use the Force, the Jedi requested to test the twins to become Padawans, which Aniseya reluctantly agreed to. When the Jedi returned to the witches' fortress, a skirmish broke out, and Kelnacca, under the witches' influence, attacked Sol and Torbin. After, the Jedi departed the world with Osha, while Mae was presumed dead.

By 132 BBY, Kelnacca was living in isolation on the planet Khofar. After learning that Mae had survived and had killed both Indara and Torbin, Sol and a team of Jedi were sent to Khofar to extract Kelnacca. However, before they could, Kelnacca was killed by Mae's master, a Sith known as the Stranger. Following Osha's killing of Sol on Brendok, Jedi Master Vernestra Rwoh insisted that Sol had been behind the murders of Kelnacca and his fellow Jedi.

Personality and traits
Kelnacca was a Wookiee with brown hair and gray eyes. He had several tattoos on the top of his head. He stood 2.29 meters tall. Kelnacca was stoic and wise.

Powers and abilities
As a Jedi who had been granted the rank of Master, Kelnacca was Force-sensitive. He used the Force to pull a blaster from a scavenger's hands and broke it in two with his bare hands. Moreover, he was physically strong enough to kick a hole in a stone wall. Kelnacca was skilled with technology, able to slice a door and perform mechanical work. He cooked food for the other Jedi on Brendok, as well as for himself on Khofar. Though a Jedi, he could not protect his thoughts and was subjected to a mental takeover by the Brendok coven, when they used their dark magic to make him turn on his own. He was a skilled swordsman, able to (while being mind-controlled by a coven of witches) dominate Sol and Torbin in melee combat with his bladework and greater physical strength. His Force pushes sent those Jedi tumbling and he could make great bounds with the Force.

Equipment
Kelnacca wielded a green-bladed lightsaber which had distinct wear from many years of use, and wore brown and gold Jedi robes. On Brendok, he used a scanner while investigating the possibility of a vergence. On Khofar, he wore a bag in which he stored plants.
