Planets D6 / Omonoth

Name: Omonoth
Region(s): Inner Rim
System: Omonoth system
Grid square: M-8
Class: White dwarf

Description: Omonoth was an Inner Rim white dwarf type star in the Omonoth system, ringed with asteroids mined by Adascorp during the Mandalorian Wars. The ring became infested with exogorths, which devoured the droid mining stations. The star was in a region contested by the Mandalorians and Republic.
