Description: Santa Claus, also known as Saint Nick, was a white-bearded humanoid Jedi Knight. He was known for his tradition of delivering presents to the "good" children of the galaxy during the annual holiday of Christmas upon a sleigh pulled by eight reindeer. Eventually, Claus retired from his job and instead enlisted his son, S. Claus, to take up the job. Santa was present at various locations around the galaxy, such as Goodvalor's Little Bivoli on the planet Coruscant and on the Mon Calamari Cruiser Independence during the Galactic Civil War.

Biography

Delivering presents

Also known as Saint Nick, Santa Claus was a Jedi Knight of the Jedi Order. On the morning of the annual holiday of Christmas, he would visit droid-run factories to retrieve toys to distribute among the children of the galaxy whom he deemed "good" by entering through their chimneys. To complete this journey, Claus would take use of his Force abilities but would additionally employ the use of a sleigh pulled by eight reindeer: Dasher, Dancer, Prancer, Vixen, Comet, Cupid, Dunder, and Blixem. One of Claus's fellow Jedi, Jedi Master Yoda, donned regalia similar to Claus's distinctive outfit on at least one occasion.

In 3963 BBY, Santa Claus attended the dining establishment Goodvalor's Little Bivoli on the planet Coruscant. At some point, he had a son named S. Claus.

Retirement and Galactic Civil War

Eventually, Santa became unable to deliver gifts during Christmas and enlisted his son to take over. As such, Santa and S. Claus were often confused as both were rarely seen by the galactic citizenry. The protocol droid C-3PO claimed that he once watched as Santa, whom he mistook for S. Claus, collected toys from a factory in which C-3PO worked, loading them aboard his sleigh to distribute during Christmas.

During the time of the Galactic Civil War between the Rebel Alliance and the Galactic Empire, Santa Claus was present onboard the Rebel MC80 Home One type Star Cruiser Independence with his sack of presents.

Personality and traits

Santa Claus was a shortand light-skinned, white-bearded humanoid. According to C-3PO, Santa had a round stomach, twinkling eyes, merry cheeks, and a bow-shaped mouth.

Powers and abilities

Claus had access to Force powers that would allow him to travel around the galaxy in a single

morning.

Equipment
