Special Abilities:

Enhanced Vision: Zekodoan eyes are widely spaced, giving them superior long range vision, this gives them a bonus +1D to their Search skill at distances over 50 meters. However it also means they require specialised goggles and helmets to take their eyes into account, which increases the cost of these items by 50% and means they cannot use any unaltered equipment of these types.

Story Factors:

Move: 10/12

Description: Zekodoan was a sentient species in the galaxy. Mycho Zala was a member of the species.
