Description: During the New Republic Era, a human worked as a hotel director at Skull Ridge Mountain Hotel & Spa on the planet of Lanupa. Around 9 ABY, she welcomed Jod Na Nawood and

a group of younglings who were posing as "Wise Elders" from the Bratric system. During their visit she accepted a bribe from Na Nawood to allow him to check in as Professor Umiam Gorelox and overlook the fact that the Wise Elders were infact children.

Biography

She was human hotel director of the Skull Ridge Mountain Hotel & Spa on the planet of Lanupa. Around 9 ABY, she watched the Onyx Cinder touch down on at the Spa. Noticing the junky state of the ship when it touches down she frowns and informs a guard to contact waste removal expecting that the Onyx Cinder might cause a situation. She then processed to welcome Jod Na Nawood and a group of younglings who were posing as "Wise Elders" from the Bratric system. After the group is scanned for weapons and their droid SM-33 is fitted with a restraining bolt she guides them through the hotel while pointing out the Sensory Gymnasium and Mud Pits.

Afterwards she proceeds to try to check the group in, asking them what name their reservation was under. Instead of supplying a name, Na Nawood placed an Old Republic credit which she accepts and inquires about the "Wise Elders" to which Na Nawood produces another credit for her. He leans over to the terminal and points to Professor Umiam Gorelox's entry claiming it was him and asked to upgrade to a fine suite while producing another credit. However before she can check them in a bounty hunter named Pokkit approaches Na Nawood addressing him as Dash Zentin and discussing how he stole a bounty from her before and that she later couldn't find anyone named Dash Zentin. After the exchange, the hotelier asked Na Nawood what name the reservation was under again to which he produced two handfuls of credits.

Later, the hotel director was supervising a cleanup crew outside the Onyx Cinder when two pirate starships from Brutus's pirate group land to attack and capture the Na Nawood and the younglings.

Personality and traits

She was a human with long brown hair, blue eyes and light skin.

Equipment

While working at the spa, she wore a beige hotel uniform with a matching cap along with red lipstick.
