Description: Nooma was a female Myykian who worked as an analyst on the isolated planet of At Attin, accommodating an Old Republic credit mint. She was the wife of Nol and the mother of Neel, Tuloo, and the twins Jobo and Jorko. Around 9 ABY, when Neel accidentally left the planet alongside a few other younglings aboard a starship found in the woods, Nooma and the other children's parents took steps to enable the boy to return to At Attin.
