Description: Strom Dubrok was a Human who held the rank of lieutenant in the navy of Lord Darth Krayt's Galactic Empire during the Second Imperial Civil War. In 137 ABY, Dubrok was stationed on the Mon Calamari Orbital Shipyards, where the Imperious-class Star Destroyer Imperious was under construction. During Dubrok's time at the shipyards, former Galactic Alliance Triumvir Gial Gahan and his niece, Monia Gahan, made an unauthorized flight around the Imperious to secretly

discuss the Galactic Alliance Remnant's plans to capture the new Star Destroyer. When they landed, Dubrok confronted Gial but was manipulated by the former Triumvir, who took Dubrok to speak with the commander of the Imperial base.

Biography

Strom Dubrok was a Human lieutenant in the navy of Dark Lord of the Sith Darth Krayt's Galactic Empire during deposed Emperor-in-exile Roan Fel's insurgency against the Sith-controlled Empire. In 137 ABY, Dubrok was stationed on the Mon Calamari Shipyards orbiting the planet Dac. The Imperious-class Star Destroyer Imperious was under construction at the shipyards, and the remnants of the Galactic Alliance were preparing to launch an attack to capture the vessel. After former Galactic Alliance Triumvir Gial Gahan and his niece, Monia Gahan, made an unauthorized flight around the Imperious—during which the pair secretly discussed the Alliance Remnant's plans—Dubrok confronted Gial as the former Triumvir disembarked from his ship. Gial deflected the Lieutenant, however, and took Dubrok to speak with the commander of the Imperial base, allowing Monia to leave and report to Alliance Remnant commander, Admiral Gar Stazi.

Personality and traits

Strom Dubrok was a brown-haired Human with dark eyes and a light skin tone. When Dubrok attempted to confront Gial Gahan about the unauthorized flight around the Imperious, the former Triumvir was able to manipulate the Lieutenant in order to allow his niece to leave.

Equipment

While serving as a lieutenant, Dubrok donned an olive-colored Imperial officer's uniform.
