Description: Nico was a white-furred alien who served as a senator in the Imperial Senate of the Galactic Empire. The day after the Ghorman Massacre in 2 BBY, they spoke at a senate session in

the Imperial Senate Building on the planet Coruscant and revealed that they would be submitting a list of the Imperial forces that had died on Ghorman after the session. Nico called the Imperials martyrs, and spoke against the Ghorman people who had been massacred, following anti-Ghorman talking points the Empire had long been pushing.

Biography

Nico was an alien senator in the Imperial Senate of the Galactic Empire. In 2 BBY, after a prolonged Imperial whispering campaign to turn the galaxy against the Ghorman people of the planet Ghorman, the Empire orchestrated a massacre there that killed hundreds or thousands of the natives, as well as some Imperial forces. While some resistance members fought back during the Imperial attack, news coverage of the event spun it as a full insurrection by the Ghorman with help from outside agitators.

The following day, an early session of the senate with a set agenda was called in the Imperial Senate Building on the planet Coruscant. After the Senate's Oathkeeper declared a quorum and called the session to order, Nico stood alone in a repulsorpod hovering in the Galactic Senate Chamber and spoke before those gathered. The alien declared that, immediatly following the session, they would submit the ever growing list of those Imperials who had died on Ghorman, calling them martyrs and describing the world as brutal and its residents deciteful and untrustworthy.

Senators Den Gane and Karloo spoke after Nico and shared similar sentiments, but when Senior Senator Mon Mothma took the floor, she decried the senate as having lost sight of the truth about what had happened on Ghorman. She called it a genocide and declared Galactic Emperor Sheev Palpatine a monster, after which the live feed of the session was cut. As many senators yelled accusations of treachery at her, Mothma exited the chamber and fled from Coruscant.

Personality and traits

Nico used anti-Ghorman talking points pushed by the Empire while speaking in senate, aligning themself with the soldiers who had died in the massacre and against the many civilians. The alien had white fur and tan skin.

Equipment

During the senate session the day after the Ghorman Massacre, Nico wore black and orange robes and a golden necklace.
