SPECIAL ABILITIES
Special Abilities:
Low Light Vision: As aquatic beings, Chagrians are used to seeing in murky conditions, and target numbers in low light conditions are dropped by 1D.
Amphibious: Chagrians can breathe in water as well as they can breathe in air.

Story Factors:
Underwater Duels: Chagrian males often duel underwater using their horns to attract mates, their horns are seen as a sign of the males' strength and virility.
No Sense of Taste: Because of frequent exposure to Champala's oceans, Chagrians lost their sense of taste by adulthood. As a result, they regard eating as an unfortunate nuisance rather than something to be looked forward to and enjoyed. As they have little interest in eating, Chagrians consume nutritional substances to replace meals. They usually carry sensors designed to scan for maximum nutritional value when forced to eat actual food.

Description: Saarai, a Chagrian female, was a Sith apprentice and the daughter of the Sith Lord Darth Wyyrlok, who was the Dark Lord Darth Krayt's Voice and second-in-command of the Empire and One Sith. She was also expected to become the fourth Chagrian to have the name Wyyrlok bestowed upon her. In 137 ABY, after Darth Krayt's apparent death on Had Abbadon—Saarai's father actually murdered Krayt after the latter sustained severe injuries from a battle with a group led by former Jedi Cade Skywalker—Saarai guarded Krayt's stasis chamber in the ancient Sith Lord XoXaan's temple on the planet Korriban, per her father's instructions to not allow anyone entrance. When Saarai was confronted by Darth Stryfe, one of Krayt's Hands who participated in the battle in which Krayt was seemingly killed, she managed to successfully keep Stryfe from entering the chamber. Saarai's father intervened before she could kill Stryfe.

A few months later, in 138 ABY, Saarai and the One Sith felt the call of Darth Krayt through the

Force, revealing that he was alive and not in stasis despite Wyyrlok's claims. After her father openly admitted to usurping Krayt, Saarai left the galactic capital Coruscant per his instructions, because her power had not yet been fully developed. Although her father was slain by Krayt in their confrontation, Saarai continued to serve the Sith Order, even after Krayt himself was killed by Cade Skywalker and the Sith were defeated by the combined efforts of the forces of deposed Emperor Roan Fel, Galactic Alliance Admiral Gar Stazi, and the Jedi Order. After the establishment of the Galactic Federation Triumvirate, Saarai operated as a Sith agent who, under the leadership of Darth Nihl, would infiltrate the galactic governments in an effort to destroy the One Sith Order's enemies from within.

Personality and traits

Saarai appeared to have a close bond with her father and was reluctant to leave him when the resurrected Darth Krayt attacked the Temple of the Sith. She also refused to allow Darth Stryfe to enter Darth Krayt's tomb and despite being a Sith apprentice she was willing to fight him to stop him from entering. It was only after Darth Wyyrlok commanded her to stop using her telekinetic powers that she allowed Stryfe to enter. She remained loyal to the One Sith and, after Krayt's death, continued to serve the new order under Darth Nihl. Her given name in the Sith language meant "truth."

Powers and abilities

Even though she was merely an "unmarked" Sith apprentice, Saarai was highly proficient in the dark side of the Force. She was highly skilled with telekinesis, being capable of overpowering a Sith Lord as powerful as Darth Stryfe, who had served as both the Fist and a Hand, able to employ the Force to exert pressure on Lord Stryfe's heart, and then use the Force to twist his muscular body.
